

# Postdoctoral Research Fellow

## (Macromolecular crystallography)

A postdoctoral position is available to work in the Max-Planck Research Group at the Malopolska Centre of Biotechnology, Jagiellonian University in Kraków. The successful candidate will be involved in the organization and research at the newly established *Structural Biology Core Facility*.

The successful candidate will join an interactive research team and network with expert collaborators. We are seeking highly motivated, self-sufficient postdoctoral fellows to drive innovative research projects together with our users. Candidates must be scientifically curious, intellectually committed, and capable of working independently.

Please see our website (<http://www.mcb.uj.edu.pl/mpl>) for more details about our group.

### Profile of candidates/requirements:

1. Hold a doctoral degree/PhD in biotechnology, biochemistry, molecular cell biology or any related field of life sciences for no longer than 5 years
2. Have a strong expertise in structural biology (Macromolecular Crystallography) and biochemistry
3. Have excellent written and oral communication skills in English (essential)
4. Have good presentation skills (ideally having presented on at least one international research conference)
5. Enjoy working in a highly collaborative and interdisciplinary environment
6. Enjoy scientifically supporting and actively interacting with other members of the lab
7. Have published at least one publication as first author in an international peer reviewed journal

### We offer:

- Postdoc position within the internationally competitive environment
- Position for three years with possible extension after the project ends
- Excellent training: In our diverse group, you will be able to network with international researchers, experience and learn new skills in cellular & molecular biology.
- State-of-the-art research centre with access to the full suite of equipment necessary for cell biology, molecular biology, biochemistry and structural biology research and a network of international collaborators in Europe and beyond.
- competitive salary and social benefits

Candidate should submit the CV and motivation letter to Dr. Sebastian Glatt ([sebastian.glatt@uj.edu.pl](mailto:sebastian.glatt@uj.edu.pl)) and Dr. Przemyslaw Grudnik ([przemyslaw.grudnik@uj.edu.pl](mailto:przemyslaw.grudnik@uj.edu.pl)).

Please include "FNPpostdoc1" in the subject heading and the following statement in CV:

"I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended."
