Sebastián Brauchi
Óscar Cerda
Andrés Chávez
Elías Leiva
Rodolfo Madrid
Bernardo Morales
Patricio Orio
María Pertusa
Andrés Stutzin
Elías Utreras**

The aim of this Symposium is to generate a local forum for scientists working in different aspects of TRP channels function, and to provide a new space to share their work with students, postdocs and principal investigators in this field. The Spring Symposium in TRP Channels includes a poster session for students and young researchers.

Roberto Matta, 1961. "Vivir Enfrentando las Flechas (fragmento)". Salón de Honor, Casa Central, Universidad de Santiago de Chile

Organized by Proyecto Anillo ACT-1113
