

IUBMB/IUPAB/IUPS Joint Advanced School

“Receptors and Signaling”

Spetses Island, Greece, May 23rd – May 27th 2016

Topics include :

G protein couple receptor

Heart failure and signaling

Signaling pathways in the vascular system

Telomeres' biology and structure

The Ubiquitin-Proteasome-System

Chairman : Stathis Gonos

Deadline for abstract submission : **March 14th 2016**

Deadline for Registration/Accommodation : **April 4th 2016**

Scientific Programme and on-line application at :

http://www.eie.gr/nhrf/institutes/ibrb/spetses-2016/welcome_message.html

Contact : Ippolyti Karvouni

FEBS/IUBMB Advanced Lecture Course

'Molecular basis of human diseases: 50 years anniversary of Spetses summer schools'

Spetses Island, Greece, May 27th – June 1st 2016

Topics include :

Aging

Cancer

Infectious diseases

Neurodegenerative diseases

Proteolysis, proteases & chaperones in diseases

Proteomic and structural studies

Chairman : Stathis Gonos

Deadline for abstract submission : **February 29th 2016**

Deadline for Registration/Accommodation : **March 28th 2016**

Scientific Programme and on-line application at :

INFLAMMATION

JANUARY 24–27, 2016 HYATT REGENCY MIAMI, USA

ABSTRACT
SUBMISSION
DEADLINE
**November 9
2015**

Sessions cover acute inflammation; cardiovascular and metabolic inflammation; neuroinflammation; cancer and inflammation and resolution of inflammation. Therefore this symposium will be of interest to a wide range of scientists: immunologists, neuroscientists, those working on diseases including diabetes, cancer, autoimmunity, neurological disorders, stroke and atherosclerosis.

EARLY
REGISTRATION
DEADLINE
**November 9
2015**

SPEAKERS

David Artis, Weill Cornell Medical College, Cornell University, USA

Glen Barber, Miller School of Medicine, University of Miami, USA

Ajay Chawla, University of California-San Francisco, USA

Vishwa Dixit, Yale School of Medicine, USA

Christopher Glass, University of California-San Diego, USA

Gökhan Hotamisligil, Harvard School of Public Health, USA

Paul Kubes, University of Calgary, Canada

Peter Libby, Brigham and Women's Hospital - Harvard Medical School, USA

Gianvito Martino, Ospedale San Raffaele, INSPE Unit, Italy

Katherine Moore, New York University School of Medicine, USA

Gabriel Nunez, University of Michigan, Ann Arbor, USA

Mauro Perretti, William Harvey Research Institute, UK

Jeffrey Pollard, University of Edinburgh, UK

Richard Ransohoff, Biogen, USA

Kristina Schoonjans, Ecole Polytechnique Fédérale de Lausanne, Switzerland

Charles Serhan, Brigham and Women's Hospital & Harvard Medical School Boston, USA

Michal Schwartz, Weizmann Institute of Science, Israel

Arlene Sharpe, Harvard Medical School, USA

Sarah Spiegel, Virginia Commonwealth University School of Medicine, USA

Ira Tabas, Columbia University, USA

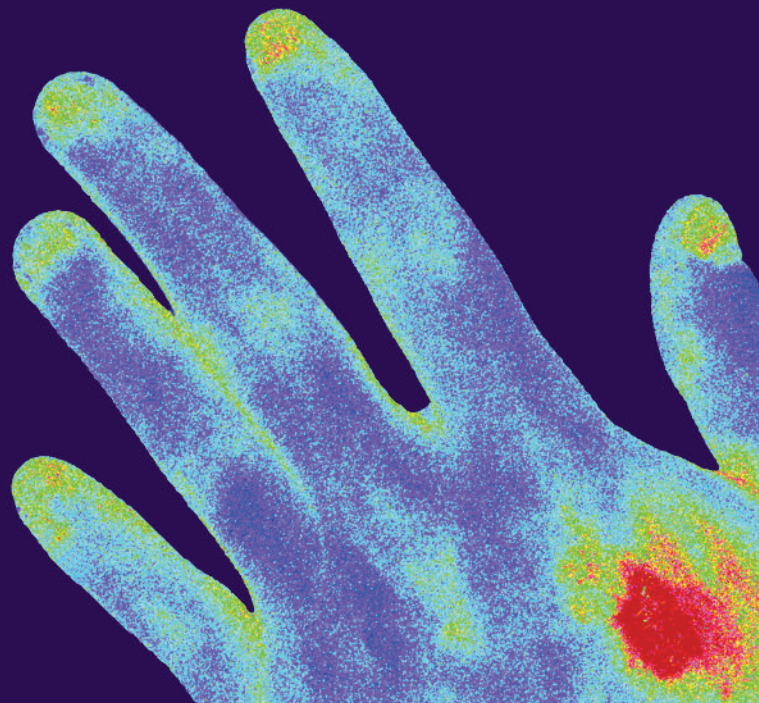

Alexander Tarakhovsky, Rockefeller University, USA

Kevin Tracey, Feinstein Institute of Medical Research, USA

Giorgio Trinchieri, NIH, USA

Karin de Visser, Netherlands Cancer Institute, Netherlands

Do you know of an outstanding bioscientist who deserves recognition?

In 2017 the Biochemical Society Awards will recognize established researchers as well as scientists in the early stages of their career.

*The deadline for nominations is **31 January 2016**. Nominations can be submitted by both members and non-members of the Biochemical Society.*

For more information, go to:

<http://www.biochemistry.org/Awards/Nominations.aspx>
