

Millennium Nucleus
for Fungal Integrative
and Synthetic Biology

Second Summer International Fungal Symposium

Fungi in Biotechnology, human health and agriculture

Monday November 30th, 2015

16:00- 17:45 h

Auditorio Abate Molina, Facultad de Ciencias Biológicas

Pontificia Universidad Católica de Chile

Santiago, Chile

16:00-16:05 Luis F. Larrondo

Millennium Nucleus for Fungal Integrative and
Synthetic Biology

Introduction

16:05- 16:35 Louise Glass

Plant and Microbial Biology Dept. University of
California- Berkeley, CA, U.S.A

*Dissecting filamentous fungal transcriptional regulatory
networks associated with utilization of plant cell walls.*

16:40-17:10 Gustavo Goldman

Faculdade de Ciencias Farmacéuticas Ribeirão
Preto, Universidade de Sao Paulo, Sao Paulo – Brazil.

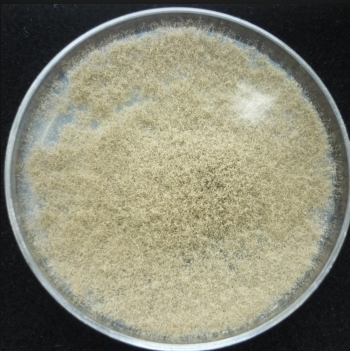

*Mitogen-Activated Protein (MAP) kinases as
regulators of Aspergillus fumigatus virulence*

17:15-17:45 Jan Van Kan

Laboratory of Phytopathology, Wageningen
University, The Netherlands

*Live and let die: infection strategies of the grey mould
Botrytis cinerea*
