

The Hatter Cardiovascular Institute, Hatter Cardiovascular Institute, University College of London (UCL) & Advanced Center for Chronic Diseases (ACCDiS), Universidad de Chile - Pontificia Universidad Católica de Chile Workshop

Frontiers in the management of cardiovascular disease

Saturday, December 5

Salón Pedro de Valdivia "C"

14:30-16:00

Module 1- Basic Science (afternoon)

Chairs: Dr Mario Chiong – Dr. Luis Michea

14:30-14:50

Protecting the heart from ischemia-reperfusion injury: bench to bedside.
Professor Derek Yellon, The Hatter Cardiovascular Institute, UCL, London,
UK

14:50-15:10

Exosomes and cardioprotection.

Dr. Sean Davidson, The Hatter Cardiovascular Institute, UCL, London, UK.

15:10-15:30

Autophagy and cardioprotection

Dr. Sergio Lavandero, Advanced Center for Chronic Diseases (ACCDiS),
University of Chile, Santiago, Chile.

15:30-15:45

Discussion

16:45-18:15

Module 2- Basic Science

Chairs: Dr Hugo E. Verdejo – Dra. María Paz Ocaranza

16:45-17:05

Energy metabolism in cardiovascular system

Dr. Mario Chiong, Advanced Center for Chronic Diseases (ACCDiS),
University of Chile, Santiago, Chile

17:05-17:25 Matrix metallo proteinases and cardioprotection.
Dr. Robert Bell, The Hatter Cardiovascular Institute, UCL, London, UK.

17:25-17:45 Remodeling and cardiovascular protection
Dr. Jorge E. Jalil, Cardiology Division, Faculty Medicine, P Catholic of University of Chile, Santiago, Chile

17:45-18:00 Discussion

Sunday, December 6

Salón Pedro de Valdivia "C"

12:00-12:45 *Plenary Lecture: Lessons from the UK National Health Service - are they transferable.*

*Professor Sir Bruce Keogh
Medical Director for England's National Health Service, UK*

Sunday, December 6

Salón Pedro de Valdivia "C"

14:30-16:00 *Module 3- Clinical Science
Chairs: Dr Ramón Corbalán – María Cristina Escobar
Pedro de Valdivia "C" Salon*

14:30-14:50 New insights in pulmonary artery hypertension
Dr. Pablo Castro, Advanced Center for Chronic Diseases (ACCDiS), P Catholic University of Chile, Santiago, Chile

14:50-15:10 Strategies for lifetime management of cardiovascular diseases
Professor John Deanfield, National Centre for Cardiovascular Prevention Outcomes, UCL, London, UK.

15:10-15:30

Genetic and hypertension

**Dr. Carlos Fardella, Millennium Institute on
Immunology and Immunotherapy, P Catholic
University of Chile, Santiago, Chile**

15:30-15:45

Discussion

16:45-18:15

Module 4- Clinical Science

Chairs: Dr Pablo F Castro – Dr. Rodrigo Tagle

16:45-17:05

Novel insights of aldosterone in hypertension

**Dr. Luis F. Michea, Millennium Institute on Immunology and
Immunotherapy, University of Chile; Santiago, Chile**

17:05-17:25

**The damaged kidney as a cause of cardiovascular
disease.**

**Professor Sir John Cunningham, Royal Free Hospital, UCL,
London, UK**

17:25-17:45

Cardiovascular disease complicating disorders of hemoglobin.

Dr. Malcolm Walker, The Hatter Cardiovascular Institute, UCL, London, UK.

17:45-18:00

Discussion
