

Joint CeBEM - CCP4 Workshop

Macromolecular Crystallography School "Structural Biology to enhance high impact research in health and disease"

November 13th – 23rd, 2017

Institut Pasteur de Montevideo - Uruguay

- » Intended for advanced PhD students, postdocs and young scientists
- » Theoretical and in-depth tutorial training on state-of-the-art methods in macromolecular crystallography

Confirmed list of speakers (a few more still to be confirmed...):

Alejandro Buschiazzo	Montevideo, Uruguay
Grzegorz Chojnowski	Hamburg, Germany
Paul Emsley	Cambridge, UK
Richard Garrat	São Carlos, Brazil
James Holton	San Francisco/Berkeley/Palo Alto, USA
Ronan Keegan	Oxford, UK
Eugene Krissinel	Oxford, UK
Andrey Lebedev	Oxford, UK
Andrew Leslie	Cambridge, UK
Garib Murshudov	Cambridge, UK
Colin Palmer	Oxford, UK
James Parkhurst	Oxford, UK
Randy Read	Cambridge, UK
Clemens Vonrhein	Cambridge, UK

Main topics:

- > Diffraction data processing
- > Phasing and structure determination
- > Model refinement and validation
- > Introduction to CryoEM

Organizers:

Alejandro Buschiazzo, PhD
Institut Pasteur de Montevideo
Uruguay

Ronan Keegan, PhD
CCP4 Group
United Kingdom

Richard Garratt, PhD
Instituto de Fisica de São Carlos
Brazil
