

Sociedad de Bioquímica  
y Biología Molecular de Chile

CHILEAN  
SOCIETY OF  
PLANT BIOLOGISTS

## XLI annual meeting of the Chilean Biochemistry and Molecular Biology Society (SBBMCh)

## XIV annual meeting of Chilean Society of Plant Biologists (CSPB)

# "A MOLECULAR AND INTEGRATIVE VIEW OF BIOLOGICAL SYSTEMS"

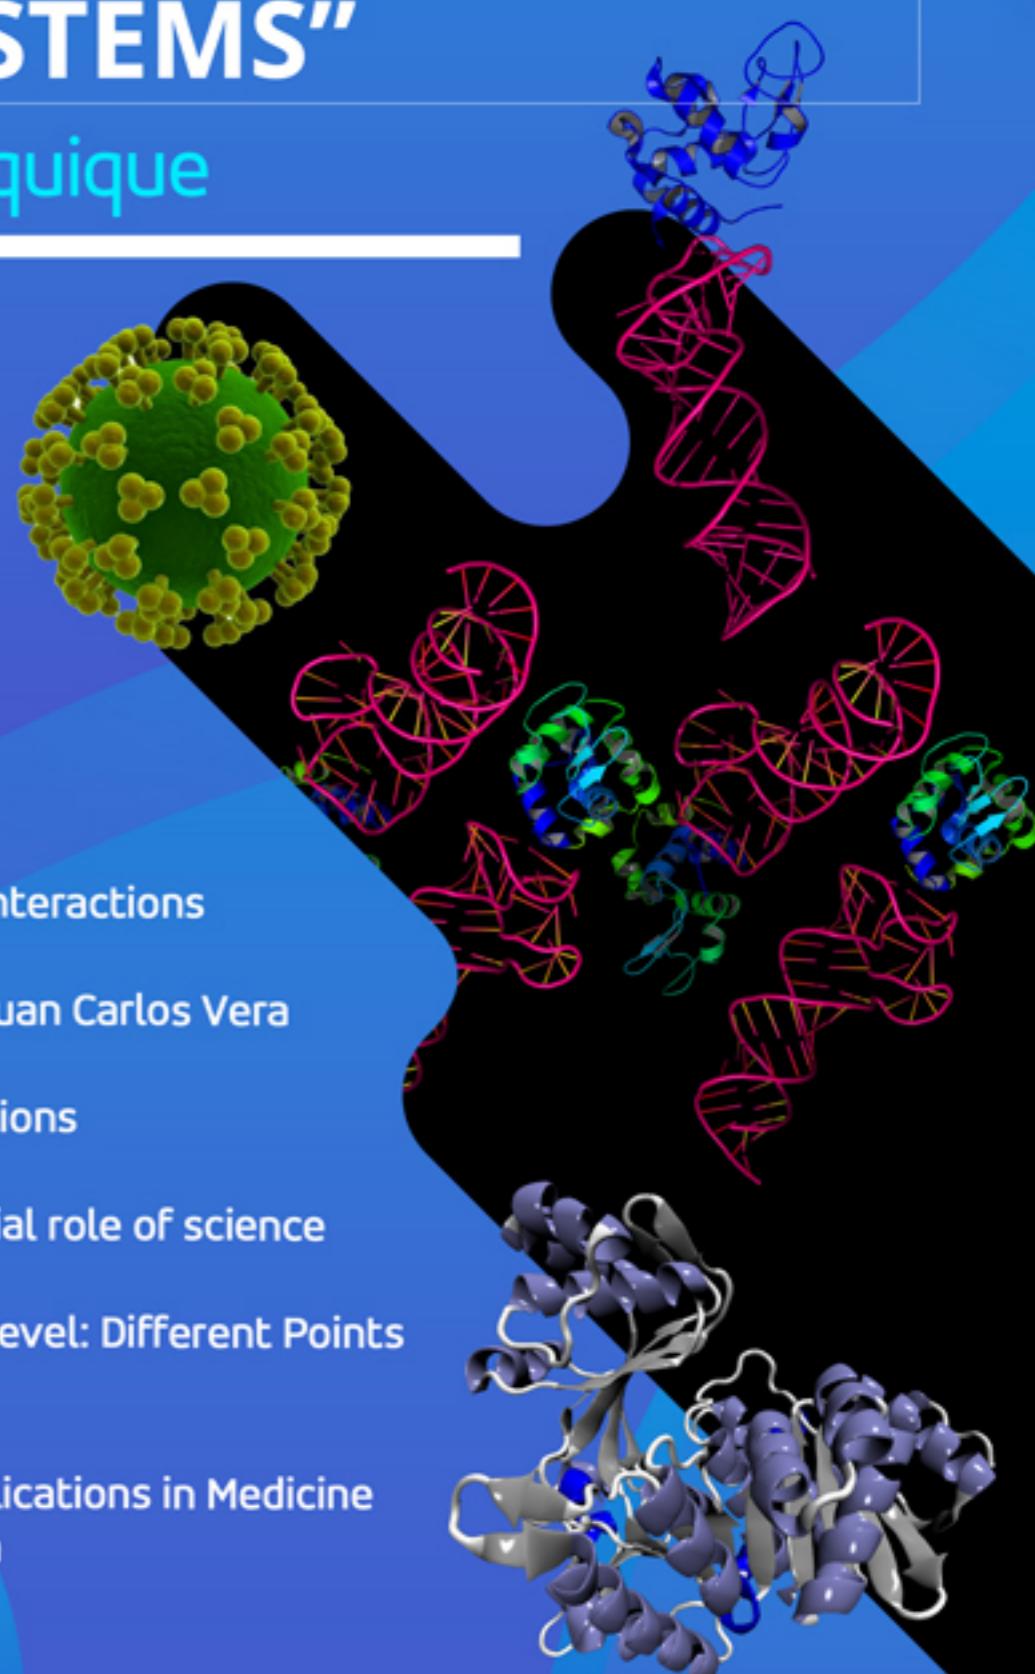

October 8 to 11, 2019. Hotel Gavina Sens, Iquique

## Conferences

- Opening lecture: Roberta A. Gottlieb
- Severo Ochoa conference: Guadalupe Sabio
- Osvaldo Cori conference: Jorge Babul
- PABMB conference: Marcelo Yanovsky

## Symposia

- Proteomics and its role on the study of virulence and host-pathogens interactions
- Plant Breeding
- Glucose and vitamin C transporters in health and disease. A tribute to Juan Carlos Vera
- Plant Genomics
- Simposio Cono Sur: Aptamers as molecular tools for biomedical applications
- Oxidative stress, ROS and related pathologies
- Simposio Chile – SBBq Brasil: Outreach, scientific education and the social role of science
- Plant Metabolism
- Computational Physical Chemistry and Biochemistry at the Multiscale Level: Different Points of View for Solving the Same Problem
- Plant Biotic Interactions
- Cannabinoid and cannabinoid receptors: Molecular Mechanisms and Implications in Medicine
- ACCDIS – SBBM Symposium: Translational Cell Signaling and Metabolism

## Awards

- Herman Niemeyer Medal
- SBBMCh-Fermelo for the best oral and poster presentation
- Dr. Tito Ureta
- Best incorporation talk

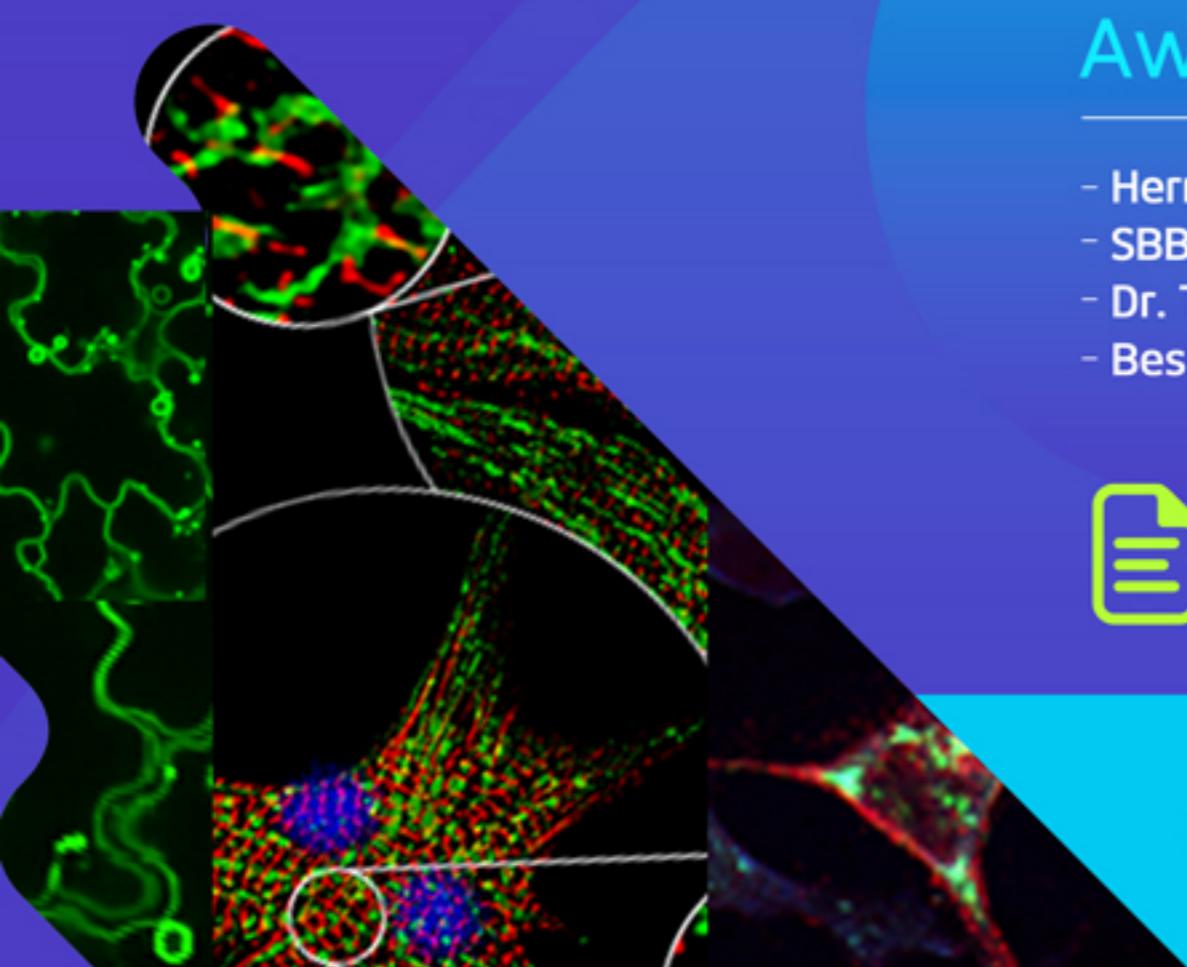

Early Registration deadline:  
August 2, 2019
