**Abstract:** A concise and factual abstract is required not exceeding 250 words excluding spaces. The abstract should state briefly the purpose of the research, the main methodology used, the principal results and major conclusions, its relevance and projections. So it must be able to stand alone. For this reason, references should be avoided, but if essential then cite the author(s) and year(s).

**Funding:** This work was supported by the National Institutes of Health (numbers 122345, 345676); the Bill & Melinda Gates Foundation (number 567689); and the United States Institutes of Peace (number 245678). It is not necessary to include detailed descriptions on the program or type of grants and awards. When funding is from a block grant or other resources available to a university, college, or other research institution, include the name of the institute or organization that provided the funding, and number(s) in parentheses.
